

REMARKS

Claims 39 and 47-52 stand rejected over the prior art. Applicant gratefully acknowledges that the examiner has indicated that claims 40-46 contain allowable subject matter.

Applicant proposes that claim 39 should be amended to include the feature of claim 40, thereby rendering claim 39 allowable, and that the dependencies of claims 41 and 43-46 should be adjusted accordingly. Applicant requests that the amendments be entered under 37 CFR 1.116.

In view of the foregoing, it is believed that claim 39 is patentable. It follows that the dependent claims 41 52 also are patentable.

Respectfully submitted,

John Smith-Hill
